Communicate Better®

# Phone.com

---

Voice. Text. Video.  
Conferencing. Collaboration.

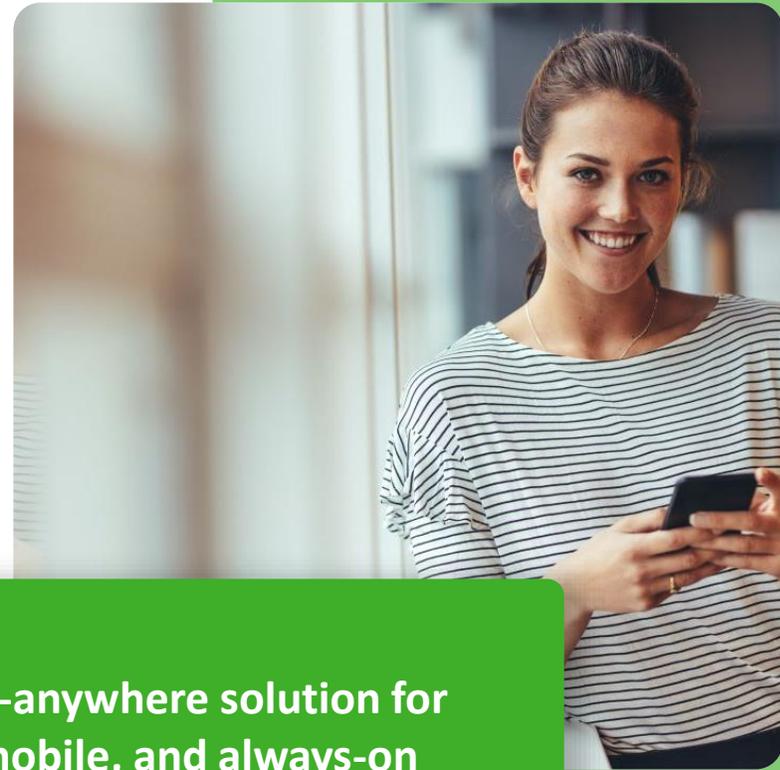

# The way people work has changed

Phone.com is the modern small business communication solution that lets customers connect a business phone number to any device.

Users get the voice, video, text, call management, and collaboration features of an enterprise phone system without the cost.

**The work-from-anywhere solution for today's agile, mobile, and always-on entrepreneurs and growing businesses.**

# The Phone.com Experience

**Work from  
Anywhere**

**Become  
More Efficient**

**Provide  
Excellent Service**

- ✓ **No more using a personal number for business.**  
Business phone numbers create a more professional appearance and gives you more control over customer relationships.
- ✓ **Enterprise features for a fraction of the cost.**  
Greetings, Automated Attendants, and Hold Music give callers a first-class experience even if you are a one-person show.
- ✓ **No implementation headaches.**  
Start communicating immediately after choosing our inventory of over 20 million phone numbers. Use your mobile device, PC, or IP desk phone.
